Consent of Respondent

(Interviewers: Clearly read out the following to the respondent and take his/her consent before taking interview)
BRAC is going to conduct a research project in your locality. Our goal is to collect information from sampled households including your house with a broad objective to know about the asset ownership in a household. We want to know about the current status of male and female members asset ownership. At the same time we want to know your opinion about the effectiveness of the asset provided by BRAC, its advantages and disadvantages, and what will be better to provide the asset to the main male or female members of the household. All information will be used for research purpose only and will be kept confidential. If you agree to participate in this research project, you may sign this consent form. You have every right to keep away or to quit at anytime if you want. In the event that you decide to withdraw from the interview, BRAC will not deprive you from any existing services. In the circumstances, do you give your consent to collect information from you and your dependents?
