Enumerator: Fill out UR09, UR10, UR11 and UR13 as you get the information from the cook. Immediately after the interview, fill out UR13A-18A.

**Dish eaten a 2nd time as leftover:**

- 1) If no water and/or other ingredients were added to the leftover, it is not considered as new recipe. Mark the same recipe number again in the **intake form**.
- 2) If water and/or other ingredients were added to the leftover, get a new recipe according to the following instructions: in first line of the ingredient list enter "name of mixed dish (UR09)", then write at UR10 "Leftover of recipe # ..." (original dish) and indicate the state and volume of the leftover. Then continue with the other (added) ingredients.
- 3) If it is a **leftover from the day before** with added ingredients, get a new recipe according to the following instructions: in first line of the ingredient list enter "name of mixed dish (UR09)", then write at UR10 "Previous day leftover & list of ingredients of leftover". Indicate the state and volume of the leftover. Then continue with the other (added) ingredients.

**Standard recipe as ingredient:**

In the first line of the ingredient list enter "name of standard recipe" (UR09), then list the ingredients of the standard recipe in UR10. Indicate the state and volume of the standard recipe. Then continue with the other (added) ingredients.
